The is a DECON trailer available in each county

Currently formulating MOU's with local government
Revising OPLAN to correspond with NRP

2:45 New Jersey State Agency Reports

There was a mystery spill in Mammoth County. Raising the issue of if there is not an RP

identified who pays? In summary, the bill was taken care of – so this should not impede a response. This is an action item.

TOPOFF3 NJ is a host along with CT.

Manasquan Inlet Boom Exercise – deployed boom and exercises ICS. COPT Philadelphia

Gateway Response Exercise - FTX scenario was a possible terrorist RAD incident with 600 players.

3:15 Adjourn for the Day

3:30 Executive Session – *Action Items*
States

EPA, USCG,

1. 1. Prepackaging resources - Discussed putting together an RRT package of resources and services offered by agencies
 - a. a. Packages will be set up to fit the ICS structure (ie. Logistics package)
2. 2. RNC – pre-staging resources. NY will not order resources because if they order they pay. EPA/USCG is taking a proactive approach and pre-staging resources such as air monitoring equipment, a technical package, etc. at Fort Mammoth, Stewart AFB, and ANG base.. Pre-staged assets will be brought in via ferry.
 - a. a. Request for logistics people at the pre-staged sites
3. 3. Subcommittee Pitch – the EPA, Strike Team , and USCG will go to the next step and comprise what resources we have and incorporate into the ACP
4. 4. We need to NJ to go to RNC meetings
5. 5. MARSEC considerations
 - a. a. SS will evacuate VIPS and leave the CC
 - b. b. Should the FOSC be at the incident or at OEM??
 - c. c. Standard Communication Plan –
 - d. d. How will clearances be verified
 - e. e. Can anyone activate the RRT
 - f. f. How do we obtain facility clearances for RRT partners
Who does the state provide with clearances?

April 7-8, 2004

Thursday, April 8, 2004

12:00	Lunch	
1:15	ICS 402 Training for Executives*	
4:15	Adjourn	

* The ICS for Executives course is an orientation for executives, administrators and policy makers. It provides a basic understanding of the incident command system (ICS), unified and area command, and multi-agency coordination to those persons responsible for establishing or implementing policy, but who normally are not part of the on-scene ICS organization. The goal of the training is to help the RRT understand its roles and responsibilities, and how it relates to the on-scene ICS/Unified Command during an incident. All are welcome to attend.
